## **Czech Republic**

Petr Svoboda a former Toronto defenseman coaches the defense for the Czech U20 team playing now. In 2010 I was brought to Jihlava, Czech Republic to run the hockey school and mentor the coaches. Petr was the only coach who spoke English so I always met with him about practice plans and then he presented them to the players and coaches. I also mentored him with his team who started their training camp at the same time. I would meet and develop a practice plan with Petr and then watch and talk with him after. The club offered me a job as coach mentor but I returned to Calgary.

Here the Dukla Jihlava team is doing a Double Cross and Drop from the practice plan. I watched and took video from above.

Drill section fourteen has many drills from this July when the Petr was coaching the Czech U20 team was here and I watched most of their practices. They were missing 7 of the best players who were at pro camps in the Czech Republic.

Here is a drill where they are working on a breakout and attack.
