

D200 - Random Game 1 to 4 Players – Pro

Key Points:

Players have to count to read the situation from 1-1 to 4-4 and all in between like 3-2, 4-2, etc.

Description:

1. Players wait outside the blue line in two teams and the coach says how many go the next whistle.
2. Play 20-30" shifts and keep score.
3. It is safer and promotes better habits if the puck is passed to teammates coming on instead of just leaving a puck and putting in a new puck.

**Option one is to allow an outnumbered player to give and go with a waiting teammate who can join if the passes are successful.*

**Option two is have modified rules on the type of goals, i.e. only one touch shots or how many passes or how long with the puck, i.e. only two seconds with the puck and you must pass or shoot.*
