## C2-C6 - 2-1-Point Shot – Pro

### Key Points:

Defender cut the ice in half and don't allow the puck to cross the mid-line. If the defender slides he must be outside the posts and his skates sideways so the puck can't get under the toes. D fake going to the puck carrier early then drop back into the middle. If they screen in a high and low stagger then D1 focus on not allowing the higher F to tip the shot. Many attackers will panic and either shoot from far out or pass right to you. Attack with speed and make the first pass near the blue line and read the D.

5. D2 now become the new D1, the resting D become D2 and the original D1 rest along the boards.

### C3 - 2 on 1 D Join Attack - Pro

2. D pass to either F1 or F2.
3. F1 and F2 attack vs D2.

### C3 - 2 on 1 Rush D Join - Defender Slide – Pro

#### Key Points:

Attack 2 on 1, 'One high one low, one fast one slow.' Offense make the first play early to allow a second play. Forehand passes are the most effective, even when on the off wing (Gretzky did this). Defense delay the play as long as possible to create bad shooting angles and backcheckers to get there. Defense slide outside the post if the attacker is deep. On the 3 on 1 don't slide but stay in the middle, delay the play and jam the trailer if the attack is deep.

#### Description:

1. D wheel around the net from the corner and pass to F1 or F2 cutting across.
2. D join the attack.
3. Repeat the other way with RD2 passing to RF1-2
4. In this video example the D slides when the attack is deep. They are not passing to the D the first half of the video.
5. Last part of the video they can pass to the D so it is a 3-1 and the D stay on their feet and jam the trailer pass and deny the pass across.

### C3 - 2 on 1 Situation: Both Directions - Pro

**Key Points:**

This formation can be used for situations from a 1-1 to a 3-2.

Attackers make the first pass early when they gain the zone.

Defender deny breakaways and lateral passes in the scoring area.

Follow shots for the rebound.

Attacking 2 on 1 remember the principle; "One high, one low, one fast, one slow."

**Description:**

1. D passes to F1. F1 and F2 skate laterally and exchange the puck.

2. Defender close the gap and stay between the attackers.

3. Go the other direction when the puck crosses the blue line.

<http://hockeycoachingabc.com/media/gall...8155501847>

<http://hockeycoachingabc.com/media/gall...2173648852>

*If you want to progress to a transition game you could do the following.*

- a. Do the 2 on 1 drill above.
- b. Change the drill to a transition with passive support by having the next 2 forwards and the defender follow the play into the zone (instead of crossing and passing with a new puck) and wait above the circles.
- c. The attackers try to score after the original rush and the defender work to make a breakout pass.
- d. On a frozen puck or a goal the goalie is unopposed and makes a breakout pass to the 2 F's at the top of the circle and a new 2-1 starts.
- e. Next progression is to have F3 backcheck deep to turn the 2-1 to a low 2-2 while the other F and new D are passive above the circles. On the breakout F3 joins the rush.
- f. The last progression is for everyone to be active and F3 covers low and F4 covers the D2 at the point who is now part of the attack. The flow continues with F3 and F4 attacking the other way vs. D2.

*So you will have progressed from a*

1. situation 2-1 drill
2. to a transition game with passive support
3. to a transition game with both passive and active support
4. to a transition game with active support.

**Additional options are to add dump-in's and regroup.**

### C3 - 2-1 x 2 - Czech U20

**Key Points:**

### C3 - 2-2-Point Shot-2-2 – Pro

#### Key Points:

Forwards isolate a wide D and attack him 2-1. Defense switch if Forwards cross near the blue line and stay with their man if they cross inside the zone. Forwards fight to keep their sticks free and defense tie up sticks so they can't tip shots.

#### Description:

1. Players line up on each side along the boards in the neutral zone.

3. F1-F2 circle in from the neutral zone and attack 2-2 vs. D1-D1.

## D100 15 Goal Game

This is a contest of forwards vs defense and goalie. The aim of the forwards is to score 15 goals as quickly as possible while the defenders try to make it take as long as they can. Time how long it takes and use this as the mark to beat the next time you play the game.

1. C3 Formation with forwards on one side and D on the other. Have the dark D play vs the light F's.
2. 2 F's attack 2-0 with a max of one pass allowed. You can score on direct rebounds.
3. Coach passes a new puck and they attack 2-1 vs a D who has followed the initial 2-0.
4. After the 2-1 a new forward joins the original 2 F's and 2 new D skate to the blueline.
5. After the 2-1 attack the other coach passes a new puck to the 3 F's who attack 3-2 vs the 2 new D.
6. When the 3-2 is finished the coach passes a puck to F3 in the high slot who shoots while the other forwards screen and tip and the D seal their sticks to the outside.
7. The coach now passes a new puck to F3 who goes the other way on a breakaway.

Players really like this game and you create a lot of situations.

### C3, 2 on 2 With Forwards Attacking Wide from Above the Circles

#### **Key Points:**

Defense must keep their heads on a swivel and sticks in the passing lanes and communicate. Control the attackers sticks in the slot. It is a battle to gain the net side between the attackers and defenders.

Attackers protect the puck and use quick turns, picks and pivots. Defenders stick on the puck and body on body always fighting to maintain the defensive side.

#### **Description:**

Practice the offensive and defensive skills of a 2-2 with the forwards wide and starting above the circles. The D has to communicate while seeing the puck and their man. Forwards protect the puck, cross and fight for rebounds.

1. Forwards start from the wide lane along the boards. The wide forward come from behind the net for a pass.
2. Defense start from the middle lane above the circles.
3. Play until a scoring chance and rebound. If the puck is shot out the coach puts in another puck.

### C3, 2 on 2 x 2 with Regroup

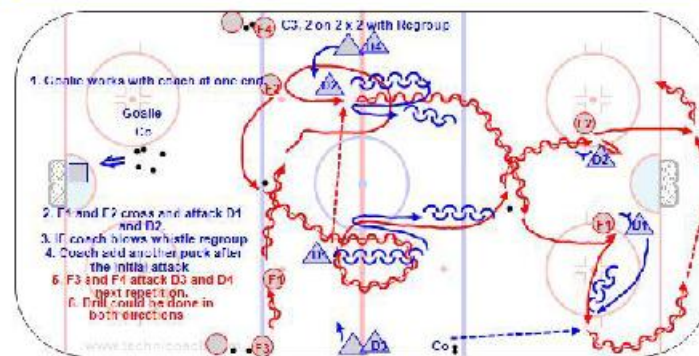

#### Key Points:

A 2 on 2 works on Role 3, checking the puck carrier and Role 4, covering away from the puck on D. On offense Role 1 the puck carrier and Role 2 supporting the puck. Regroup works on gap control. The second puck demands communication.

#### Description:

1. Goalie works with coach at one end.
2. F1 and F2 cross and attack D1 and D2.
3. IF coach blows whistle regroup.
4. Coach add another puck after the initial attack.
5. F1 and F2 attack D3 and D4 on the next rush.

### C3, 2-1 with Regroup - Major Junior U20

#### ***Key Points:***

Pass hard and face the puck giving a good target. D pivot when they get the regroup pass. This sequence can be done in all situations from a 1-1 to a 3-2. It is probably the most common pro drill I have seen around the world.

### **C3, 3-0 3-1, 3-2 Contest**

#### ***Key Points:***

Forwards create 2-1 situations with close support and speed. One player always hard to the net on a middle drive on a shooting play and a wide drive if they are open. Headman the puck and move through the neutral zone quickly and make the first pass in the offensive zone early.

Defenders must talk and identify coverage. Protect the middle of the ice and only play the puck carrier if he is vulnerable. Give the shot from the outside. Jam the trailer with legs in the shooting lane and stick in the passing lane. It is critical to have tight gaps and not just back in.

#### ***Description:***

Players are lined up along the boards in the C3 formation. Have 2 colours of jerseys and play one team vs the other if you have enough players. You can have D on one side and F on the other or they can wait on the side they will be playing.

1. Three forwards take a puck and attack 3-0. The attack is over when the puck is over the goal line. (unless the coach wants a cycle and a shot).

3. Attack 3-2 in the original direction.
4. Three F from the other coloured team attack 3-0 on the vacant end.
5. Repeat sequence.
6. Coach count how many goals the team scores in 6 min. (or another time).

## C5 - Defensive 1-1 x 6 – Jasper

### Key Points:

*This organization works very well when you have large groups on the ice or a big difference in ability. The key is the players practice the skill and don't have to wait in line a long time. I have used this multi net in camps around the world with either no goalies, lots of goalies or a combination of big and little nets.*

4. When the play is over the original attacker skates out and defends vs. the second player in line.

## **C600 1 on 1 to a 3 on 2**

### **Key points:**

This is a very popular drill especially at the higher levels using the C600 formation with the players lined up against the boards behind the blue lines. You get full ice situations. The first pass is made by F1 and not F3 as the diagram states.

Defense must move their feet and close the gap in the neutral zone. The forwards must attack with speed.

### **Description:**

1. F1 skate between the dots with a puck.
2. F1 pass to D2 and mirror the puck for a return pass.
3. D2 skate hard sideways or make a tight turn and pass to F1.

The forward always go for a rebound.
