

DT200 King's Score Game

Key Points:

Quick transition from offense one way to offense the other way. Defensive players must identify who they cover. Communication is very important.

Description:

1. Cross ice game with the waiting players along the blue line.
2. Play situations from 1-1 to 5-5.

AFTER A GOAL

3. Scoring team get the puck and attack the opposite net.
4. Defending team leave the ice.
5. Next defending players must touch the boards behind their net and then defend.
6. If no goal is scored then the coach blows the whistle after about 30" and the team in possession of the puck pass to waiting teammates who attack while the new defenders touch the boards behind their net and close the gap to defend.

**Identify which player defends the puck carrier and then cover the other attackers.*
