

E1 Elimination Shootout – Russia U20

Key Points:

Make a hard fake to cause the goalie to move and then shoot where he isn't. Also shoot where the goalie is coming from and not where he is going. General principle is if goalie is out far deke and backs in shoot.

Description:

1. Everyone gets one shot.
2. Those who score get another shot.
3. Miss and you are out.
4. Winner is the last one left after all others have missed once.
