

## DT4-Jokers at Point and Below Goal Line - Czech Youth

### Key Points:

Regroup and get open. Defender go from role 3 to 4 and attacker from role 1 to 2.  
Great game for transition between all 4 game playing roles.

### Description:

1. Play from 1-1 to 3-3 with one joker at the point and one below the goal line.
2. When defender gets the puck he must regroup with joker at the point and a play to the low joker must be made before a shot can be taken.
3. Joker to joker passes are ok.
4. Point shots are ok after a pass to the low joker has been made.
